

PAKISTAN RICE EXPORT COMPANY

Experience, Commitment & Services

Your Business Expansion is Powered By Our Consistent Quality.

. Introduction

At **Al Habib Industries**, rice is more than a product, it is our legacy. With decades of expertise, we bring the finest Pakistani rice from fertile fields to dining tables across the world. Every grain reflects our promise of quality, authenticity, and taste.

We are one of Pakistan's leading rice exporters, supplying Basmati and Non-Basmati varieties to markets worldwide. Our promise is to deliver rice that is pure, flavorful, and consistent in quality. Every grain is carefully chosen, processed with modern technology, and packed under strict hygiene to keep its natural aroma and taste.

Over the years, we have earned the trust of our buyers through quality products, reliable supply, and on-time delivery. From aromatic long-grain Basmati to versatile Non-Basmati rice, our range meets the needs of customers across different regions. More than a supplier, we focus on building lasting partnerships based on trust and commitment.

. Company Profile

We are one of Pakistan's leading rice processors and exporters, Operating under the umbrella of **Al Habib Industries** and the **Pakistan Rice Export Company** serves as a specialized rice miller, trader, and exporter, with a strong presence both locally and globally.

Our focus is on producing premium rice varieties that meet strict international standards. By maintaining fair trade practices and building lasting partnerships, we have earned the trust of buyers in markets worldwide.

- In-house quality labs for regular testing and assurance
- Hygienic storage facilities to preserve freshness
- Automated packaging lines ensuring consistency and safety

. Our Process

At Alhabib Industries, every grain goes through a careful process to ensure quality, purity, and taste. From selecting the finest paddy to packaging the finished product, we follow strict standards at every stage. Our goal is to deliver rice that is fresh, aromatic, and consistent in every batch. With a focus on hygiene, technology, and experience, we make sure our customers receive nothing less than the best.

Rice Paddy procurement
Sourcing Rice Paddy from Farmers

Rice Aeging
Aeging rice by storing Rice Paddy in warehouse

Paddy Selection
Only the best paddy is picked from reliable farms to ensure premium quality.

Warehousing
In the paddy godown, we maintain the moisture level constantly, both day and night.

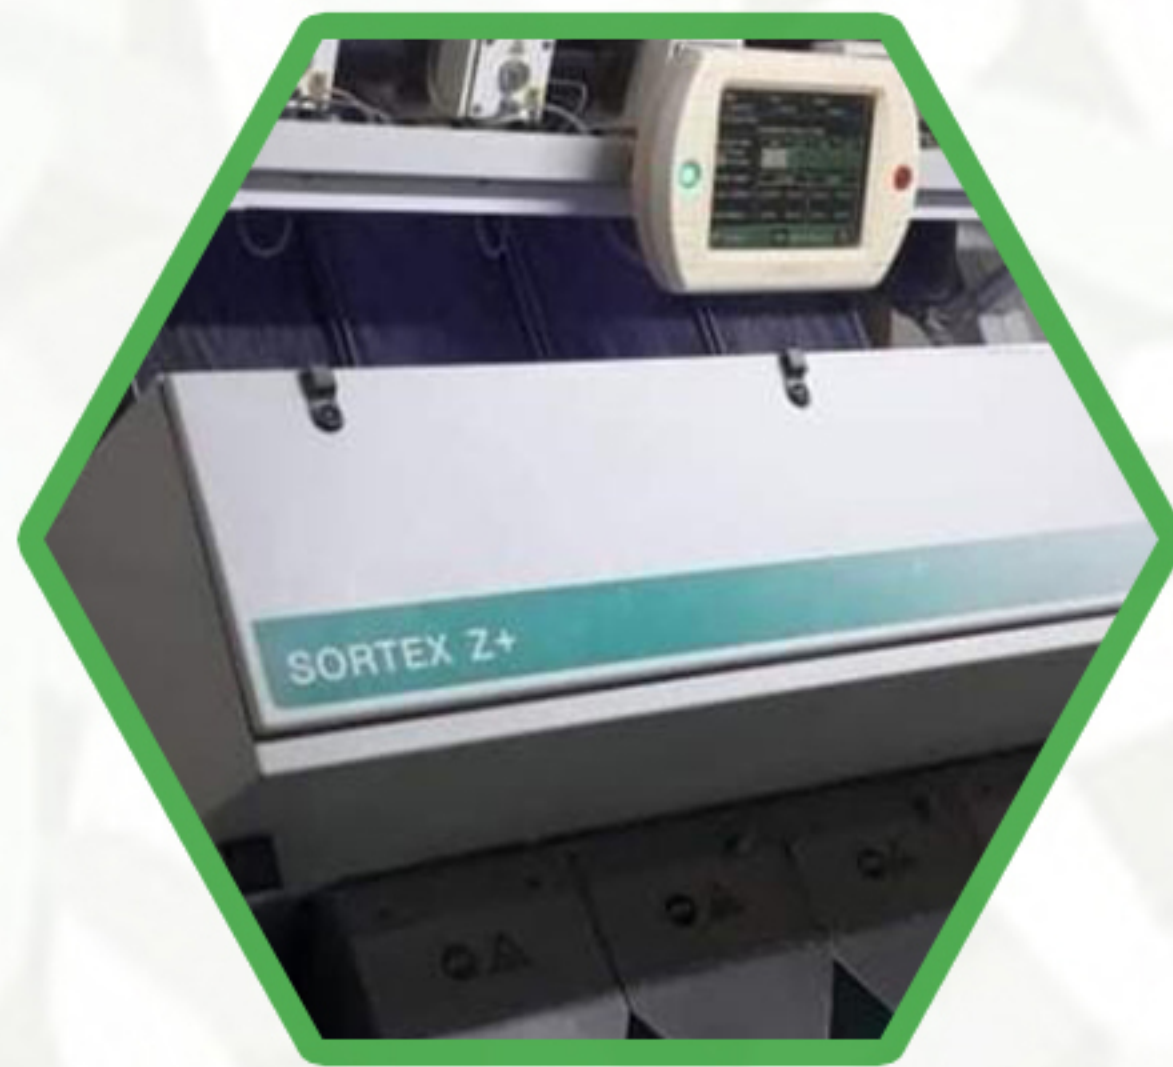

Parboiling & steaming
We gently parboil and steam to keep the rice nutritious, fluffy, and wholesome.

Rice Paddy Husking
The outer husk is carefully removed leaving clean brown rice.

Cleaning, Whitening & Polishing
The rice is polished to bring out its natural shine and smooth texture.

Color Sorting
Any discolored or broken grains are removed for purity.

Packaging
The rice is carefully packed and ready for export. We ensure storage in a cool and dry place to maintain its quality and freshness.

Shipment
Container loading with the SGS Representative.
